

**Master of Education: Interdisciplinary Route**

# Teaching English as an Additional Language

The focus of the four-course MEd topic is to prepare teachers for successful careers in Teaching English as an Additional Language. The MEd Teaching English as an Additional Language program is a practical, research-informed program that is designed for teachers working with students learning English as an additional language.

## Who is this program for?

- Educators who teach EAL learners integrated in typical classroom and school settings
- Educators with an interest in teaching English as an additional language
- School leaders in schools with diverse populations of students including EAL learners
- Consultants or other professionals involved with TEAL
